# Expert Service Equipment & Systems Planning...

## *At No Cost to You!*

### FOUR Easy Steps:

#### Equipment & Systems Needs Consultation Assessment

Key project document detailing contact information, target launch/phase dates, building requirements and recommended shop equipment to enhance fixed operations.

#### Detailed CAD Drawing

Includes detailed equipment and systems layout in service area as well as a lighting plan with photometric data.

#### Comprehensive Specifications & Budget

Includes detailed specifications for all major equipment called out in the Needs Assessment. Also includes a preliminary equipment & systems budget.

#### Project Coordination & Support

Single point of contact for service equipment and installation.

## MBUSA Standard Service Equipment Program is Your One-Stop Shop for Workshop Floor Plan Design and Service Equipment

Let MBUSA's Service Equipment and Systems Planning, part of SSEP, be your partner in designing an efficient workshop floor plan and in selecting all OEM-approved Autohaus service equipment. Go with experience in designing your workshop—the MBUSA Service Equipment and Systems Planning specialist has a proven track record in dealership service department workshop design.

MBUSA SSEP has all of the Autohaus concept recommended equipment—available in the approved Autohaus color: in-ground lifts, wheel alignment racks, tool storage cabinets and workbenches. There's no need to search...MBUSA SSEP is the one place to go for all Autohaus workshop service needs.

Call your MBUSA Standard Service Equipment program today. Let us set up a no-cost on-site consultation with your local Service Equipment and Systems Planning Specialist.

**We'll get it done for you!**
